

## Notla Water Authority Rate Increase Effective July 1, 2019

On February 19, 2019, the Board of Directors for Notla Water Authority approved a water rate increase to be effective on the July water bills. The additional revenue from the rate increase will help fund projects to repair and/or replace aging parts of the water distribution system and the water treatment facility, as well as offset the rising costs of electricity, contract labor, insurance, treatment chemicals, and materials necessary to treat, store, and deliver water to our customers. Please refer to the table below for the new rates:

<u>DESCRIPTION</u>	<u>CURRENT RATE</u>	<u>NEW RATE</u>
Residential Minimum Rate	\$21.00	\$23.00
Booster Pump Minimum Rate	\$33.60	\$46.00
Commercial Minimum Rate	\$42.00	\$69.00
Cost per thousand gallons (above minimum allotment)	\$3.95	\$4.00
